

FCS 7 Express Cytometry

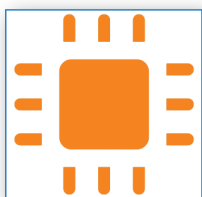

GET UP TO SPEED WITH YOUR DATA

Don't let "Big Data" slow you down. FCS Express™ is geared to handle large files, imaging data, plate based screens and any other complex analysis

Advancements in speed and data handling provide you with instant statistics and live updating plots as gates and data change

Optimized Performance

Unleash the advanced capabilities of modern CPU's on your data.

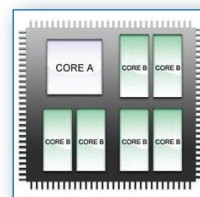

64 Bit

Utilize up to 128 GB of RAM on a 64 bit system.

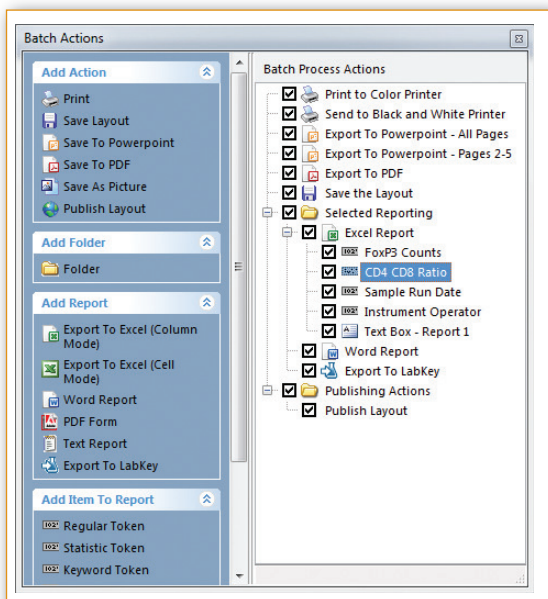

Multicore

Take full advantage of multiple cores in your CPU.

High Speed Data Loading + Batch Processing = Time Saved

Batch Processing

- Automatically apply your analysis to many files at once
- Quickly calculate all the results you need including custom defined statistics
- One click report generation to PowerPoint™, Word™, Excel™, PDF™ and more...
- Send results directly to LIS/LIMS or other database systems
